THE LIFE IMPROVEMENT SQUAD

We're partnering with IKEA to support "The Life Improvement Project." With help from "The Life Improvement Squad," a team of trusted experts, we'll share advice, tips, and favorite IKEA solutions to help you improve your life and your home.

ERIN GATES*Interior Design Expert*

As the owner of her own design firm, Erin specializes in affordable, flexible design for young professionals.

MY LIFE IMPROVEMENT STORY: After decorating my first home, I realized that many of my friends thought interior design was an expensive luxury available to only a select few. Hearing about my friends' struggles to decorate their homes with things they loved and could afford gave me an idea! I was driven to create a flexible, friendly, budget-conscious interior styling business. I wanted to help others create homes that reflect who they are, how they live, and what they love.
